Dear Client,
This is our wholesale information for the Brazilian and Indian hair.

We also stock lace wigs in wholesale, please contact us for more information…

Our wholesale prices are in 1kg (10 peaces), which will mean that, to get 3kg is 30 weft.

Because all our lengths are grouped, please make sure to select a specific length in that group of length you require for your wholesale, for example you would have to select 10”, 12” or 14” instead of 10” – 14”.

In order to keep a good and fair relationship with our wholesale client we do provide 5% discount for all our regular customers.

Please allow 3 weeks for production by 5kg –10kg.
Our delivery is world wide mainly through the UPS and DHL which mostly takes 2-5 working days depending on the delivery destination.

UPS and DHL rates for 3kg Natural Hair are approx.
£ 75 - £95 for the USA,
£157 - £ 250 for Africa,
£ 23 - £ 40 for UK and European Union

All our Natural hair delivery charges include the charges for packaging, which comes in clear packaging unless told otherwise. For more information on other packaging options, please contact us.

To make a payment you can choose one of these options:

Bank Transfer
Western Union Transfer

Money Gram Transfer

Production will only start after payment has been made and a company's Pro forma Invoice has been sent to you for confirmation.
We will then make sure to send you an original Companies invoice.

Usually you will need 250g - 300g (up to 3 packs) of hair for a client, which means in the 5kg of our minimum wholesale purchase you will be able to do 20 heads.

Please feel free to contact us if there are any further clarifications.

We welcome you to Princess Natural Hair and hope to give you the best service possible.

Kind Regards,
Amanda
